THANK YOU FOR PURCHASING A COOLAROO PRODUCT

Our outdoor umbrella fabric is tested to meet UPF50+ and the highest UVE effectiveness. Whilst umbrellas offer sun protection and can help to reduce UV exposure, they do not provide 100% protection. Scattered and reflected UV radiation from surfaces such as water can still damage skin and cause sunburn. It is therefore recommended to always combine shade with clothing, a broad-brimmed hat, sunglasses and sunscreen.
