

HEAVY-DUTY SHADE FABRIC BUILDER'S BLOCK

INSTALLATION INSTRUCTIONS

Congratulations on the purchase of your Coolaroo® Builder's Block Shade Fabric. Please be sure to read the instructions before installing your fabric.

ADDITIONAL TOOLS NEEDED:

- Zip Ties
- Scissors (optional)
- Ladder (optional)

1

Unroll and unfold entire length of Builder's Block Shade Fabric. Use scissors to cut to desired length if necessary.

2

Secure the edge of the fabric to the top of the fence with a zip tie. Ensure the bottom of the fabric is not dragging on the ground.

3

Pull on fabric to create tension and make sure there is no slack or wrinkles.

4

Add zip ties on top and bottom edge about 1 foot apart. Ensure that fabric is straight across the fence throughout the installation.

 Fabric not recommended for use in strong storms or high winds.

MAINTENANCE: Your Builder's Block Shade Fabric has been made of the finest materials and, when properly cared for, will provide years of screening. To clean your fabric, simply rinse with a hose and allow to dry. Do not store fabric wet. Let fabric dry completely before storing.

CAUTION: Do NOT attempt to install your Shade Fabric during windy conditions.
